

4th strategic seminar, EdReNe – Educational Repositories Network

24 – 26 March 2010, Barcelona, Spain

The EdReNe thematic network invites members and interested stakeholders to the network's 4th strategic seminar on repositories of learning resources.

The seminar will explore EdReNe's overall themes: which repository strategies work, how do we engage users and producers, which are the relevant standards to ensure interoperability, and how do members address the complex handling of intellectual property rights. The presentations and debate will eventually lead to a number of recommendations on these issues from the EdReNe network.

La Pedrera or Casa Milà

Seminar venue

Hotel 1898

La Rambla, 109 (Entrance on Pintor Fortuny)

08002 – Barcelona

Tel: +34 93 552 95 52
